

SUGRAONE SEEDLESS

Mass selection

Sugraone was developed by Sunworld in California and has the trade-marked name of Superior Seedless. When marketed as Superior Seedless, the grape must meet certain minimum quality standards established by Sunworld.

MORE INFO

Features

- Sugraone is a slightly elongated green grape with a mild muscat flavour, which is sweet and low in acids.
- This is a grape with a good crunchy texture when eaten, and usually quite irresistible when at its best.
- Sugraone is an early season grape.
- Strong vigor.
- Seedless.
- Can be used for juices, raisins and canning.
